DETAILED ACTION

Response to Amendment

Amendments filed 8/3/06 have been entered.

Allowable Subject Matter

Claims 1-30 and 35 are allowed.

The following is an examiner's statement of reasons for allowance:

With regards to claims 1-15, 18-25, 27, 28, 30, and 35, applicant's persuasive arguments presented overcome the rejections to the claims as well as the amendments to more clearly define the invention, namely a detector comprising a scintillating fiber enclosed entirely within a substantially rigid opaque tube between the battery-powered photomultiplier tube and the light-proof cover.

With regards to claims 16, 17, 26, and 29, the reasons for allowance have been set forth in the previous Office Action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
